M-0910P-3-230-1S, 3HP, 230V, 1 Ph, Step Pulley	\$1495	\$2095

Preset speed control buttons allow operator to set up to 4 different speeds and quickly change spindle speed at the press of a button. The speed button lights up and displays RPM's.

The tapping function allows operator to set a depth for the tap and automatically reverses the spindle when that depth is reached.
